

BOT Report

14 September 2010

Fundraisers

We are looking at ideas for a major fundraising project next year, possibly a Blooming Arts tour or a Motor Cross Bike Ride. If there is anyone in the school who would like to lead a major fundraiser – then please contact one of the BOT members.

Camps

It was agreed to hold the year 8 camp early in Term 1. We will wait to see what the student numbers are for next year before making a decision on the year 7 camp.

Technology

Our senior students will continue to go to Rosehill College for technology lessons in 2011.

Awards

Jan Sanders on behalf of the Clevedon Young Peoples' Club has offered the school a trophy for "All round excellence in music and for contribution to the musical life of the school".

Nick Tucker, the sales rep from Ricoh will donate a Ricoh R10 digital camera every year as an annual award. Nick's mother taught with Anne Utley and the two families became very close. Nick wanted to acknowledge this association and as Anne's passion was Art it has been decided to present the award to a senior for excellence in Art.

Our thanks to Jan and Nick for their generosity.

Personnel

There have been 26 expressions of interest for the Principals' position to date. Applications close on 11th October.

Limited Speed Zone Submission

The board has written a submission to council requesting to be part of a programme where the traffic speed limit is reduced to 40km/h in the school zone.
