## Limited Statutory Manager (LSM) Update May 2010

Dear Parents and School Staff

Thank you for the warm welcome I have received. I have enjoyed meeting with a number of parents and all the staff at the school. I would like to thank Ray Tilling for his work for the school and in particular in his role as board chair. His assistance with the management of the building projects is appreciated. I would also like to acknowledge Laurie Beamish and Karen Davies who are also outgoing board members, for their contributions during their time on the board.

A special welcome to our Board of Trustees, Carol McKenzie –Rex, Alastair Hulbert, Emma Frizzell, Kerry Williams, Caroline Walsh and Marilyn Way. I am pleased to announce that Carol McKenzie –Rex was elected as our board chair for the coming year. I am really looking forward to working with Carol and the Trustees. I have every confidence that the trustees will serve the community well. I cannot stress too strongly if you have any issues regarding your child's education or other matters please contact a trustee or the principal in the first instance. It is so much easier to resolve matters when they are small. I am also happy to meet with any community members who would like to do so.

I have now finished the "scoping" section of my work and have presented my report to the board. The main findings are concerns about communication at all levels and the school's financial situation.

Within each of the above concerns are a number of issues. Together with the board an action plan has been formed to address the concerns raised in the various discussions I have had over these last 3 weeks. Many of your concerns will be addressed quite quickly, others will take longer. Please rest assured that together with the board, the principal and the school staff your children's education is the priority.

Yours sincerely

Adrienne Rossiter
